EDUCATION

Aditya College of Engineering and Technology <i>Bachelor of Technology in Electronics and Communication Engineering - 9 CGPA</i>	2023 - 2026
Aditya Engineering College <i>Diploma in Electronics and Communication Engineering - 96.7%</i>	2020 - 2023
Sri Adarsha High School <i>High School - 98.6%</i>	2010 - 2020

TECHNICAL SKILLS

Programming Languages :	Python, Java
AI and Machine Learning:	Deep Learning, TensorFlow, Transfer Learning, Image Classification, Data Preprocessing, Model Evaluation
Frontend Technologies :	HTML, CSS, JavaScript, React.js
Backend and Databases :	Node.js, MongoDB, SQL
Software Development :	Full Stack Development, Web Development, Mobile Application Development
Developer Tools :	GitHub, MS Word, MS Excel, VS Code, Sublime, MongoDB Compass
Soft Skills :	Teamwork, Time Management, Communication, Problem Solving,

PROFESSIONAL EXPERIENCE

Junior Full Stack Developer Intern *Nuhvin Global Services Pvt. Ltd.* May 2026 – Present

- Developed full-stack web applications using **React.js**, **Node.js**, **Express.js**, **MongoDB**, **HTML**, **CSS**, **JavaScript**.
- Delivered and maintained multiple live client projects:
 - NADT Technical Courses Portal** [↗](#)
 - Car Rental System** [↗](#)
 - Real Temple** [↗](#)
 - Cyber Segura** [↗](#)
- Designed responsive user interfaces and developed reusable React components for production applications.
- Developed RESTful APIs, integrated frontend with backend services, and managed MongoDB databases.
- Collaborated with developers using Git/GitHub, resolved production bugs, and optimized application performance.

PROJECTS

Tobacco Leaf Grading System Using Deep Learning April 2026

- Problem:** Manual tobacco leaf grading is time-consuming, inconsistent, and depends heavily on human expertise, leading to inaccurate quality assessment.
- Features:** Automated classification of tobacco leaves into Grade A, B, and C using image-based analysis with **97.04% accuracy**, along with real-time prediction and history tracking.

- **Role:** Developed the MobileNetV2-based deep learning model using transfer learning, performed preprocessing, model training, evaluation, and built a Flask-based web application for prediction.
- **Technologies:** Python, TensorFlow, MobileNetV2, Flask, OpenCV, HTML/CSS, JavaScript.

Canteen Connect

June 2025

- **Problem:** Long queues in college canteens and difficulty locating specific canteens or identifying the best food options across a **10,000+ student campus**.
- **Features:** Menu filtering, cart system, order confirmation, feedback panel, admin dashboard, chatbot, and dark mode, reducing average order placement time by **40%**.
- **Role:** Crafted UI/UX, built cart feature, developed backend APIs, and conducted functional testing with **50+ users**, improving order accuracy by **25%**.
- **Technologies:** React Native, React.js, Node.js, ServiceNow, MongoDB.

INTERNSHIPS

Full Stack React Native Development Intern *[Technical Hub]*

2024 – Present

- Delivered **5+ live projects** using MERN/React Native stack, reducing delivery time by **15%**.
- Managed full-cycle development from **HTML, CSS, JavaScript, React Native, Bootstrap** to **React.js, Node.js, MongoDB**.
- Led complete build of **Canteen Connect**, automating orders and cutting manual effort by **40%**.

ACHIEVEMENTS

- Achieved **1st Prize** in the **ECE Expo** at the **Veda Technical Event**, Aditya College of Engineering and Technology, for an **IoT-based Sensor Automation System** *poster presentation* demonstrating working principles, sensor types, and real-world applications in automation and **IoT**.
- Qualified as a **college-level finalist** in the **Smart India Hackathon** (2024) with the project **"Safeguard India"**, a disaster management and human safety solution integrating real-time monitoring, alert systems, and data-driven decision-making.

CERTIFICATIONS

- HTML, CSS – IT Specialist (Certiport) [Certificate](#)
- JavaScript – Credly Badge [Badge](#)
- Python Essentials 1 – Cisco (Credly) [Badge](#)
- Introduction to Networks – Cisco [Certificate](#)
- Basics of JavaScript – HackerRank [Certificate](#)
- Professional Certificate in Business Communication – RITx (edX) [Certificate](#)

CODING PROFILES

- **CodeChef:** [tanuja32](#) (500+ problems solved)
- **LeetCode:** [tanuja630](#) (200+ problems solved, LeetCode 100 Days Badge 2025)
- **GeeksforGeeks:** [tanuja630](#) (Regular DSA practice across multiple topics)
